

FP-MDGB

Waterblock microduct connector which seals microcable. Includes two locking clips

Gasblock connector FP-MDGB

features:

- rubber barrier ensuring tightness of microcabel,
- simple installation by snap-in method, without tools,
- closing the gas barrier by twisting the coupling ring,
- two locking clips in the set,
- multi-use,
- resistance to lubricating liquids and other substances in microduct system,
- suitable for cable blowing.
