

U-1-WR-40-50-150

Used for construction of overhead telecommunications lines as a part for attaching HDPE protective pipes to spun concrete or ribbed poles.

U-1-WR-40-50-150

main features:

- support element for HDPE pipes;
- mounted to a pole using a 10-20 mm steel tape;
- clamp shape suitable for pipe diameters of 40-50 mm;
- holder distance from pole 150 mm;
- resistant to corrosion and weather conditions.

technical parameters:

U-1-WR-40-50-150	U-1-WR-40-50-150
design type	spun concrete/ribbed pole
support shape	rectangular
number of holder places	1
holder type	clamp
